

LESSONS 9-12: The C position – Right hand – Treble Clef

- These five notes are part of the “C position”
- We begin on the Middle C up to the G note. Notice that below each note we have the correspondent finger with which we play the notes.
- We suggest to sing the name of the note at the same time you play them, this will be very helpful to memorize the sound and therefore, connect the symbol to the key and finally its pitch.

Fingering:
